

# SAAYA 69-Silk collection

NB: The portrayed colours may differ from reality.

## Specification

Name	Saaya		
Width approx.	110 cm - 43"		
Weight approx.	gr / lm	:	300
	oz / lnyd	:	9.7
Thickness	approx. 0.54 mm		
Composition	silk	:	92%
	recycled polyester	:	8%
Weaving technique	plain woven		
Dyeing	yarn dyed		
Backing	reinforced woodpulp	:	70%
	recycled polyester	:	30%
Repeat approx.	height	:	64cm - 25.2"
	width	:	-
Hanging	random, pattern cannot be matched, non-reverse

<b>Performance</b>	Please contact <a href="mailto:info@tapetex.com">info@tapetex.com</a> for more detailed test reports.
Surface finish	A stain repellent finish prevents waterbased splashes penetrating and staining the material. Periodic vacuuming is recommended to prevent dust from building up on the materials surface.
Lightfastness	Test result as per ISO 105-B02:2014, Heraeus original Hanau Xenotest.
LRV values	Testing as per BS 8493:2008+A1:2010, Datacolor DC500.
Fire rating	ASTM E84 Class 1 or A and EUROCLASS (B s1 d0).
Permeability rating	Test result 40.6 as per ASTM E96-12, Method B, Water Vapor Transmission.
Indoor air quality	ASTM D6196, D5197 and D5116, Environmental Chamber Test. The testing followed UL 2821 "Greenguard Certification Program Method for Measuring and Evaluating Chemical Emissions".
REACH SVHC	Compliant as per Centexbel testing.
DoP No.	(CPR 305/2011), DOP-CPR-01

Treated with a stain repellent finish

Lightfastness: as per ISO 105-B02:2014 Xenotest

Light reflection: as per BS 8493:2008+A1:2010 Datacolor DC500

Fire resistant: EU: B, s1-d0 US: ASTM E84 Class 1 or A

Permeability rating: 40.6, as per ASTM E96-12 Method B

Indoor air quality: ASTM D6196, D5197 and D5116

**Sustainability**

Silk is a 100% renewable natural resource. The backing is FSC certified, FSC A000531.

In production, all energy sources are either green, wind or hydro based and all processes are waterbased. The products do not contain PVC, chlorine, plasticizers, heavy metals or harmful dyes.

**Supply and packing**

Delivery from stock by the full linear meter or full linear yard. The average piece length of this quality is approx. 50 linear meter or 55 linear yards. However, as is common within the textile industry, it is not possible to establish a standard roll length. The wallcovering is reeled on to a cardboard core, wrapped in polyethylene and protective end caps are fixed. Each roll is then packed in individual cardboard boxes or tubes, which are also made out of FSC certified woodpulp.

**Harmonized System as per the World Customs Organization and Origin**

Textile Wallcovering, paper backed: 5905.00. Made in the Netherlands.

### Hanging details

- Hanging** Random, pattern height 64 cm (25.2") pattern cannot be matched, non-reverse. Precision trimmed for butt-joining by professional paper hangers. Installation advice supplied with every roll. Use rubber roller instead of spatula.
- Adhesive** Use a premixed heavy duty, clear vinyl adhesive, suitable for textile wallcovering.
- Variation** There can be a variation between sample material and finished product. Stock cuttings are available for approval.

Precision trimmed

Sold by the meter/yard

Direction of hanging

Use a rubber roller

Don't use a spatula

Apply adhesive on the wall

### View

## "Shadow"

Saaya found its inspiration in the art of origami. A stunning display of hard shapes and lines that subtly changes appearance as light plays on it. The imitated origami folds create a subtle shine on the overall matt texture of this Matka silk, bringing a unique sense of depth on display.
